

## **Believe me**

You, play with me like a ball  
I've been waiting for your call  
But it was in vain, oh yeah

But I know  
That you are more than straight  
Now I hope it's not too late  
To be with you

**Believe me, or leave me  
Stand by me, or tease me  
Say yes or say no,  
But please don't say "I don't know"  
Believe me, or leave me,  
Stand by me, or tease me  
Say yes or say no, not maybe**

It wasn't just my mistake  
Our love was at stake  
And it lost .. oh yeah

Cause we, really didn't care enough  
To keep love alive is tough  
At any rate

**Believe me, or leave me  
Stand by me, or tease me  
Say yes or say no,  
But please don't say "I don't know"  
Believe me, or leave me,  
Stand by me, or tease me  
Say yes or say no, not maybe**

*Why is this insecurity, always around  
Why am I losing the ground  
Why are the doubts that I have so loud  
Why am I lonely in a crowd*

**Chorus:**
