

Framed

Everybody tells you
What to do
What to take
And what to give
And everybody tells you
What to know
Where to go
And how to live

Good advices, well – meant wishes
Rules and declarations
Better – do – its, laws and orders
Certain obligations

We are framed, day in, day out
We are framed
Everybody knows, everything better
We are framed, day in, day out
We are framed and we cannot escape

Everybody tells you
What to hear
What to say
What to chose
And everybody tells you
Do your best,
Just to win
Not to lose

Good advices, well – meant wishes
Rules and declarations
Better – do – its, laws and orders
Certain obligations

We are framed, day in, day out
We are framed
Everybody knows, everything better
We are framed, day in, day out
We are framed and we cannot escape
