

Have you ever been tangoed ?

There was a girl from Italy
Who liked to kiss me passionately
But I said " No, I have to go"
Cause I wanted to stay wild and free

And there was that girl from Spain
To run away from her was in vain
I kissed her once, I kissed her twice
But then I put our love on ice

Then, I felt a woman leaning on me
And she whispered in my ears
Words that set me on fire, she said

**Have you ever been tangoed, tangoed all night
Come closer to me, and hold me tight
Tell me, have you ever been tangoed, tangoed all night
Come closer to me and hold me tight**

There was that pretty girl from France
Who always liked to sing and dance
I was for her, the big " l`amour"
I wasn` t ready cause I wasn` t sure

And there was that girl from Sweden
I felt like being in the Garden of Eden
She was so hot, she was so cute
Unfortunately I wasn` t in the mood (Zwischenspiel)

**Have you ever been tangoed, tangoed all night
Come closer to me, and hold me tight
Tell me, have you ever been tangoed, tangoed all night
Come closer to me and hold me tight
Hold me tight, hold me tight, hold me tight**
