

On my way now

Often tried up to the very end
Many ways but all in vain
Sometimes direct, sometimes innocent
But it all ended the same

**If right or wrong, I carry on
Just go my way
If right or wrong, I carry on
And I don't listen anymore to what the other's say**

Tried to make it right for everyone
Always did my very best
What is right might be for others wrong
What remains is a bad taste

**If right or wrong, I carry on
Just go my way
If right or wrong, I carry on
And I don't listen anymore to what the other's say**

*Why do I believe I've always to link
Let'em play their tug – o- war
Why do I not only do what I think
What am I just waiting for*

**If right or wrong, I carry on
Just go my way
If right or wrong, I carry on
And I don't listen anymore to what the other's say**
